COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens
so Naturally Nobody
can Tell.

Grandmother kept her hair beautifully
darkened, glossy and attractive with a
brew of Sage Tea and Sulphur. When-
ever her hair took on that dull, faded or
streaked appearance, this simple mixture
was applied with wonderful effect. By
asking at any drug store for "Wyeth's
Sage and Sulphur Compound," you will
get a large bottle of this old-time recipe,
improved by the addition of other ingredi-
ents, all ready to use, for about 50 cents.
This simple mixture can be depended
upon to restore natural color and beauty
to the hair.

A well-known downtown druggist says
everybody uses Wyeth's Sage and Sul-
phur Compound now because it darkens
so naturally and evenly that nobody can
tell it has been applied—it's so easy to
use, too. You simply dampen a comb or
soft brush and draw it through your hair,
taking one strand at a time. By morning
the gray hair disappears; after another
application or two, it is restored to its
natural color and looks glossy, soft and
beautiful. This preparation is a delight-
ful toilet requisite. It is not intended for
the cure, mitigation or prevention of dis-
ease.

STATE COUNCIL PLANS TO
FIGHT SEED SPECULATORS

An organized campaign will be
made by the state council of defense
to combat the wheat seed speculator
who insists on charging his neighbor
or fellow farmer an exorbitant price
to seed wheat. The state council is
determined that the farmer without

the high priced fumes who insist on
high prices for their seed wheat.

"There is plenty of seed wheat in
Nebraska for every farmer to plant
the normal acreage," said Vice-
Chairman Coupland, "and the prob-
lem is to only get it distributed
among the farmers. The state council
is determined to see to it that the
farmer shall not be unduly exploited
and especially anxious to have the
farmer recognize that they must not
act as exorbitant prices from their less
fortunate neighbor farmers."

The plan of the state council is in
the districts where it is found that
there is little inclination for farmers
to let go of wheat at reasonable prices
to send a representative to list up
the farmers desiring wheat and ship
the wheat seed into the territory at
the lowest possible price.

Worms Make Children Fretful

Children suffering from worms are
dull and irritable, puny and weak,
often grind their teeth and cry out
in sleep, being a constant source of
worry to their parents. Kickapoo
Worm Killer is a mild laxative reme-
dy in candy tablet form that child-
ren like to take. Promptly effective,
it kills and removes the worm from
the system. Irregular appetite and
bowel movement, lack of interest in
play are sure signs of worms. Re-
lieve your child of this burden. At
all druggists, 25c.

Adv.—1
KANSAS CO. TO SEEK OIL

IN BANNER COUNTY

W. B. Sutton, Jr., a representative
of the Prairie Oil and Gas company
of Independence, Kan., after a con-
ference with State Land Commission-
er G. L. Shumway, said his company
would make application for oil and
gas rights on 8 sections of state land
in Banner county. The company ex-
pects to bore the test wells this fall
near Harrisburg. It is said the first
well will be put down east of Harris-
burg. Banner county is between the
North and South Platte rivers, south
of Scottsbluff county, and borders on
Wyoming. The state board of edu-
cational lands and funds is ready to
grant mineral leases in accordance
with the terms of regulations adopt-
ed by the board in May. Under these
rules there must be competitive bid-
ding where 2 or more persons ask for
leases on the same tract. Practically
nothing is charged for a lease, but
the state asks for one-eighth of the
proceeds of the sale of minerals taken
from state land.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a
glass of hot water before
breakfast.

We're not here long, so let's make
our stay agreeable. Let us live well,
eat well, digest well, work well, sleep
well, and look well, what a glorious
condition to attain, and yet, how very
easy it is if one will only adopt the
morning inside bath.

Folks who are accustomed to feel
dull and heavy when they arise, split-
ting headache, stuffy from a cold, foul
tongue, nasty breath, acid stomach,
can, instead, feel as fresh as a daisy
by opening the sluices of the system
each morning and flushing out the
whole of the internal poisonous stag-
nant matter.

Everyone, whether ailing, sick or
well, should, each morning, before
breakfast, drink a glass of real hot
water with a teaspoonful of limestone
phosphate in it to wash from the
stomach, liver and bowels the previous
day's indigestible waste, sour bile
and poisonous toxins; thus cleansing,
sweetening and purifying the entire
alimentary canal before putting more
food into the stomach. The action of
hot water and limestone phosphate on
an empty stomach is wonderfully in-
vigorating. It cleans out all the sour
fermentations, gases, waste and
acidity and gives one a splendid
appetite for breakfast. While you are
enjoying your breakfast the water
and phosphate is quietly extracting
a large volume of water from the
blood and getting ready for a
thorough flushing of all the inside
organs.

The millions of people who are
bothered with constipation, bilious
spells, stomach trouble; others who
have sallow skins, blood disorders and
sickly complexions are urged to get a
quarter pound of limestone phosphate
from the drug store. This will cost
very little, but is sufficient to make
anyone a pronounced crank on the
subject of inside-bathing before break-
fast.

Order Your Winter's COAL Supply NOW!

It is the wise thing to do—
You'll say so this winter, too.

If we could make plain to you the situation, we know that
you would put in your winter's coal supply now. We are not
trying to scare you, but we are trying to tell you. The car
shortage exists. It may look to you like everything is mov-
ing, but you'll appreciate what we tell you when winter comes
and it may be next to impossible to get coal.

We've got coal to sell you today. We've got coal today to
put into your bin. We can't promise more. It's good coal
and it's a fair price. We urge you to get busy—think—act.
It will prove to your advantage.

I Use The LOOSE I-P LEAF

Ledger

because it opens with one
turn of a key (100 per
cent expansion) and clos-
es (tight) with a slight
pressure of the hand.
That saves a lot of time.

The half round back
and scientific crimping of
the leaves gives me a flat,
solid writing surface.

The mechanism is very simple, but thoroughly efficient.

I can always get ledger sheets that really fit, on short no-
tice. My dealer stocks them in many standard rulings and in
the best grade of ledger paper.
